The wires are still is a crippled condition and there was in consequence but little business and the news was also meagre. The rumor that Armour had declared that he would deliver out a large amount of wheat on December 1, frightened the longs and there seemed to be a general disposition to get from under. The chronic bears felt fresh courage and there was heavy short selling and liberal liquidation. Domestic markets all got weak and New York and the northwest sent large selling orders here and under the pressure there was a steady drop of \$\frac{2}{3}C\$ from the top price early and little subsequent recovery. May sold from \$\frac{2}{3}S\$ to \$\frac{1}{3}S\$ death went off steadily to \$\frac{2}{3}S\$, and that was the price at noon. JUDGE KELLY SUCCEEDS JOHN M THURSTON AS U. P. SOLICITOR.

The Signature of the Canadian Pacific All That is Lacking to Complete the New Passenger Association-Union Pacific Car Derailed.

OMAHA, Nov. 27 .- Judge William R. Kelly was today officially appointed general solicitor of the Union Pacific Railway company, to succeed John M. Thurston, who resigned to take his seat in the United States Senate. Judge Kelly has been assistant gen-eral selicitor for the Union Pacific.

Union Pacific Train Derailed. Union Pacific train No. 2 was derailed last evening fifty-five miles south of Jusb. A passenger coach and baggage car left the track and Brakeman Porter was slightly injured. The wreckage caused the northbound train to be fifty minutes late getting into this city. The damage to the derailed cars was only slight, and traffic was resumed in an hour after the accident.

The Association About Completed. CHICAGO Nov. 27.-The troubles of the western roads in the formation of their passenger association are appar ently at an end. Ease this afternoon it was only needed that the Canadian Pacific should give its consent to this agreement to have it in full working order. The representative of the Canadian Pacific who was in attendance at the meeting was unable to bind his road to meeting was unable to bind his road to the agreement and wired for instructions, it is expected, however, that the resonnse will be favorable and that the roads will then have an association covering all business between Chicago and the Pacific coast. If the agreement goes into effect, the Southern Pacific will have to content itself with such a share of the westbound emigrant business as will be allowed it by the emigrant clearing house. With this thing out of the way the only thing that will most the agreement is the difference of the Soo line and the Chicago-St. Paul lines over eastbound steamship business. The roads interested in this traffic were in session this affernoon and the chances are that they will come to an agreement.
